

Musical Instrument Rental Scheme

The musical instrument rental scheme is a way to spread the cost of owning an instrument, as well as providing a way of returning the instrument after 3 months with no further payments due.

- Once the instrument has been selected, you pay the three months rental charge.
- After three months the instrument can be purchased in equal payments over the next 3 months interest free for the original price less the rental charge.
- Rental is offered subject to proof of identification and address. Please supply a valid driver's licence or passport, and a recent utility bill showing your home address. Payment can be made by cheque, cash, credit or debit card.
